

ISUZU NPR ECO-MAX WITH READING TOOL-PRO BODY

Isuzu low cab forward trucks have set world standards for performance, practicality, dependability and economy. Reading Truck Body manufactures service bodies that have revolutionized the way industries organize and transport tools and equipment.

The Reading Tool-Pro, a lightweight aluminum body incorporating Reading's most ingenious innovations is mated to the sophisticated Isuzu NPR ECO-MAX powertrain to create a truck that optimizes driver efficiency and fuel efficiency.

The NPR ECO-MAX is engineered with all the standards and qualities that have made Isuzu medium-duty trucks legendary:

- **Power:** The Isuzu 4JJ1-TC 3.0-liter DOHC turbocharged diesel engine that produces 150 horsepower and 282 lbs.-ft. of torque
- **Economy:** Class leading fuel economy and a diesel engine that has an oil change interval of 10,000 miles, minimizing downtime for maintenance.
- **Durability:** The Isuzu 4JJ1-TC diesel engine has a B10 durability rating. Isuzu diesel trucks feature a B-10 life of 310,000 miles
- **Vehicle Health Reports:** Performed at each scheduled maintenance cycle, this report provides driver operational data that helps minimize the cost of ownership
- **24 Months / 60,000 Miles Covered Maintenance:** This program provides maintenance at no cost for up to 24 months or 60,000 miles, whichever comes first for a limited time only

READING TOOL-PRO FEATURES:

- Reinforced Understructure
- E-Coat Primer and Powder Coat Finish
- Hidden Hinge Technology
- Rear Access Doors
- Stainless Steel Rotary Lock with Paddle Handles
- LED Stop/Tail/Turn Lights
- Dual-Pro Door Seals
- Galvanized Shelving with 2" Dividers
- Nitrogen Strut Door Holder
- Interior Lighting

NPR ECO-MAX ENGINE & TRANSMISSION:

- Diesel 3.0 Liter (183 Cubic Inch Displacement) 150 HP / 282 lb. Torque
- B-10 Diesel Engine Life of 310,000 Miles
- 10,000 Mile Oil Change Interval
- Aisin 6 Speed Double Overdrive Transmission
- Class-Leading Fuel Economy

The Reading Tool-Pro enclosed service van is designed to maximize driver productivity today and for years to come.

- Lightweight and corrosion resistant 5052 aluminum shell for less wear and tear on the chassis
- Up to 50% weight savings over comparable steel bodies that yield up to 10% fuel savings
- Forced organization and inventory control
- Aluma-Fill® aluminum fuel receptacle protects the body from scratches and de-lamination
- Thick, double-paneled compartment doors with patented hidden hinges protect and secure valuable tools and inventory
- Covered by an industry-leading 10-year limited warranty

The Reading Tool-Pro body incorporates a slip-resistant bumper with an 86-inch outside width and 72-inch inside height, providing plenty of room to store a wide variety of equipment.

Vehicles shown with optional equipment; some equipment is dealer installed. These vehicles are assembled from component parts manufactured by Isuzu Motors Limited and by independent suppliers who manufacture such components to Isuzu's exacting standards for quality, performance and safety. Truck bodies represented herein are products of The Reading Group LLC. Please see your authorized Isuzu truck dealer for complete details.
